

DAY 11 – THE GIFT OF TEACHING AND LEADERSHIP

Scripture

Romans 12:7-8

"He who teaches, in teaching; he who leads, with diligence."

Meditation

Teaching and leadership are service roles that require humility, discipline, and faithfulness. A teacher is called to communicate truth clearly and help others grow, while a leader is called to guide others with diligence, wisdom, and integrity. Neither gift is meant for personal recognition or control; both are opportunities to serve God and strengthen His people. True spiritual leadership begins with example, and effective teaching flows from love and a commitment to God's truth.

Reflection

Lead by example, teach by love.

How can you use your words, knowledge, or influence today to help others grow and glorify Christ?

Confession

I lead diligently and teach faithfully. My leadership glorifies Christ. I serve with humility, discipline, and love, setting a godly example and helping others grow in the truth of God's Word.

Personal Notes
