

DAY 17 – REIGNING OVER POVERTY

Scripture

2 Corinthians 9:8

"God is able to make all grace abound toward you."

Meditation

Poverty is not humility; it is a mindset that can keep us from recognizing God's provision, wisdom, and ability to prosper the work of our hands. Dominion includes learning to create, multiply, manage, and distribute resources wisely.

God's grace is not only sufficient for our spiritual lives—it can abound toward us in every area, giving us what we need to fulfill His purposes. As we trust God, develop our gifts, work diligently, and steward what He places in our hands, we position ourselves to become channels of provision and blessing to others.

Abundance is not simply about having more; it is about having enough to fulfill God's purpose and being able to bless others from what He provides.

Reflection

Use authority to create, multiply, and distribute resources.

How can you use the gifts, skills, opportunities, or resources God has already placed in your hands to create value and become a blessing to others?

Confession

I walk in abundance by divine grace. I lack nothing in Christ. God gives me wisdom to create, multiply, manage, and distribute resources. I am a faithful steward and a channel of blessing to others.

Personal Notes
