DAY 16 – FOLLOWING JESUS DAILY

📖 Scripture

Luke 9:23

"If anyone desires to come after Me, let him deny himself."

🌱 Meditation

Discipleship is daily obedience, not occasional devotion. Following Jesus is not something we do only on Sundays, during church services, or when life is going well. It is a daily decision to surrender our lives to Him and follow His direction.

In Luke 9:23, Jesus teaches that anyone who desires to follow Him must deny themselves, take up their cross daily, and follow Him. This means putting God's will above our own desires, choosing His ways over our preferences, and allowing His Word to guide our decisions.

Following Jesus daily requires commitment. There will be moments when our feelings, personal ambitions, or circumstances may challenge our obedience. But true discipleship means remaining faithful even when following Jesus is not convenient.

Every day presents an opportunity to grow in our relationship with Christ. Through prayer, studying God's Word, obedience, and fellowship with Him, we become more grounded in our faith and more like Jesus.

Remember, following Jesus is not a one-time decision that ends when we accept Him. It is a lifelong journey of faith, surrender, and continual transformation.

Following Jesus is a daily choice to trust Him, obey His Word, and become more like Him.

💭 Reflection

Am I following Jesus daily, or only when it is convenient?

Are there areas of your life where you struggle to obey God's Word? What decision can you make today to demonstrate your commitment to following Jesus?

🙏 Confession

I follow Jesus daily. My life is surrendered to Him, and I choose His will above my own desires. I am committed to prayer, God's Word, and obedience. I remain faithful even when the journey is

challenging. Every day, I grow in devotion, faith, and obedience, becoming more like Christ. My life is a reflection of my commitment to Jesus.
