

DAY 19 – DOMINION THROUGH FAITH

Scripture

1 John 5:4

"This is the victory that overcomes the world—our faith."

Meditation

Faith enforces authority. It takes hold of what God's grace has made available and gives us the confidence to stand in the victory Christ has already provided.

Faith is not passive. It trusts God's Word, acts on His promises, and refuses to be controlled by the pressures and circumstances of the world. Through faith, we can walk daily in the authority God has given us and overcome whatever challenges come our way.

Reflection

Your faith is your victory weapon.

What situation are you facing today where you need to exercise your faith and stand confidently in the victory God has made available to you?

Confession

I live by faith, and I overcome the world daily. My faith is strong and active. I stand in God's promises and walk in the victory Christ has given me.
