

DAY 23 – THE AUTHORITY OF UNITY

Scripture

Matthew 18:19

"If two agree on earth... it will be done."

Meditation

Authority multiplies in agreement. Unity strengthens dominion because there is power when believers stand together in faith, love, and one accord. Agreement allows us to support one another, pray together, and confidently align our desires with God's will. When believers walk in unity, they create an environment where faith is strengthened and God's purposes can be pursued together.

Reflection

Walk in love — it multiplies power.

Is there an area where you need to strengthen unity, agreement, or love with another believer so you can stand together in faith?

Confession

I walk in unity with believers. I walk in love, faith, and agreement. Together, we stand in God's authority and align with His will.
