

DAY 25 – SERVING IN THE LOCAL CHURCH

Scripture

Hebrews 10:25

"Not forsaking the assembling of ourselves together."

Meditation

Commitment to your local church is a sign of spiritual maturity. God does not call us to grow in isolation. He places us within a community of believers where we can learn His Word, strengthen our faith, encourage one another, and grow together in Christ.

Your local church is more than a place you attend; it is a family where you have an opportunity to contribute. God has given you gifts, abilities, and experiences that can bless others and strengthen the Body of Christ. Your presence, prayers, encouragement, and faithful service matter.

Do not be quick to abandon the place where God is helping you grow. Every church has challenges, but commitment means choosing to grow, serve, and contribute with love and humility. When concerns arise, seek understanding and pursue peace. Be willing to serve consistently, even when the work is unnoticed.

Reflection

Bloom where God plants you.

Are you committed to growing and serving in your local church, or have you become a passive attendee? What practical step can you take this week to strengthen your commitment to your church family?

Confession

I am faithful to my church family. I grow in the Word, walk in love, and serve with consistency and humility. I use my gifts to strengthen the Body of Christ. I am planted, growing, and fruitful where God has placed me.
