

DAY 5 – POWER OF THE BLOOD

Scripture

Revelation 12:11

"They overcame him by the blood of the Lamb and by the word of their testimony."

Meditation

The blood of Jesus speaks of redemption, victory, and the finished work of Christ. Through His sacrifice, we have been delivered from the power of sin and given victory over the accusations of the enemy.

The blood of Jesus reminds us that our victory does not depend on our own strength. When the enemy brings accusations, fear, or condemnation, we can stand confidently in what Christ has accomplished for us.

Our testimony also declares what God has done and strengthens our confidence in His faithfulness. The blood of Jesus is a reminder that the enemy has been defeated and that, in Christ, we can stand firm in victory.

Reflection

When you declare the blood, you remind hell of its defeat.

Where do you need to stand confidently in the victory Jesus has already secured for you?

Confession

I overcome by the blood of Jesus. His victory is my permanent reality. I stand in the power of His finished work, and I walk in victory through Christ.

Personal Notes
